IBCI Conference 2004

The **Irish Building Control Institute** is pleased to present the IBCI Building Control Conference, 2004. The theme of the conference is "**Building Control – Raising the Standards**". The conference will afford an opportunity for those involved in building control throughout the state to consider issues that affect their daily duties.

The Conference will be held over two days in the **Tower Hotel, Waterford**. Lunch and refreshments will be provided on both days, with the conference dinner on Tuesday evening. A **Trade Exhibition** will also be held in conjunction with the conference.

Day 1 will provide information on legislation and other interesting topics relevant to building control. The day will conclude with a forum for discussion that is intended to give all those interested in building control an opportunity to discuss topics.

Day 2 will include presentations on Foundations, Energy topics and Building Control in Austria. Also included is a presentation on Safety for Building Inspectors from the HSA perspective

There will be ample time for discussion and debate.
