IBCI Conference 2005

The **Irish Building Control Institute** is pleased to present the IBCI Building Control Conference, 2005. The theme of the conference is "**Building Control – A Time of Change**". The conference will afford an opportunity for those involved in building control throughout the state to consider issues that affect their daily duties.

The Conference will be held over two days in the **Sligo Park Hotel**. Lunch and refreshments will be provided on both days, with the conference dinner on Thursday evening. A **Trade Exhibition** will also be held in conjunction with the conference.

Day 1 will provide information on developments in legislation, and in the field of waste water treatment systems, and should be of great interest to all those at the coal face of Building Control. The day will conclude with a forum for discussion that is intended to give all those interested in building control an opportunity to discuss topics.

Day 2 will include presentations on Accessibility, Fire Legislation and Building Control in Denmark. Also included is a presentation on Energy Labelling of Buildings

There will be ample time for discussion and debate.
